Objective

Junior Front-End Developer specializing in React.js, JavaScript (ES6+), and modern responsive design. Passionate about transforming UI/UX designs into clean, high-performance code. Seeking to leverage my skills in component-driven development to contribute effectively to real-world projects and drive user engagement.

Technical Skills

- **Languages:** HTML, CSS, JavaScript (ES6+)
- **Frameworks & Libraries:** React.js, Tailwind CSS
- **Tools:** Git & GitHub, VS Code
- **Concepts:** Responsive Design, UI/UX Principles
- **Soft Skills:** Problem-solving, Teamwork, Attention to detail

Projects

Personal Portfolio | HTML, CSS, JavaScript ([GitHub](#))

- Created a responsive portfolio website showcasing personal projects and skills.
- Focused on clean design, accessibility, and mobile responsiveness.

PharaohsLegacy | HTML, CSS, JavaScript , React.js ([Vercel](#))

- Developed an interactive website about Ancient Egyptian civilization.
- Implemented dynamic sections for temples, pharaohs, and Trip Booking.
- Designed to enhance user engagement and learning through a modern UI.

Experience

Independent Front-End Developer | Personal & Freelance Projects

- Built and deployed responsive web applications from scratch, translating modern UI/UX designs into pixel-perfect, clean, and maintainable code.
- Developed dynamic single-page applications (SPAs) using React.js to improve user experience and create interactive interfaces.
- Utilized Git and GitHub for version control, tracking project progress, and managing source code repositories efficiently.

Education

Bachelor of Computer Science – Assiut University, Egypt

October 2023 – July 2027

Languages

- **Arabic** – Native
- **English** – Good reading & writing
